BIG Gains!

**Empower your students with a proven Summer or After-School program that integrates standards-based reading and writing instruction.**

Short, Short, BIG! is a standards-based tool kit for middle school students. It elevates students' evidence-based reading and writing skills through a proven methodology that includes reading comprehension lessons and grammar instruction. Implementation training and on-going teacher support is available with customized professional development in writing and literacy.

## Short Reads

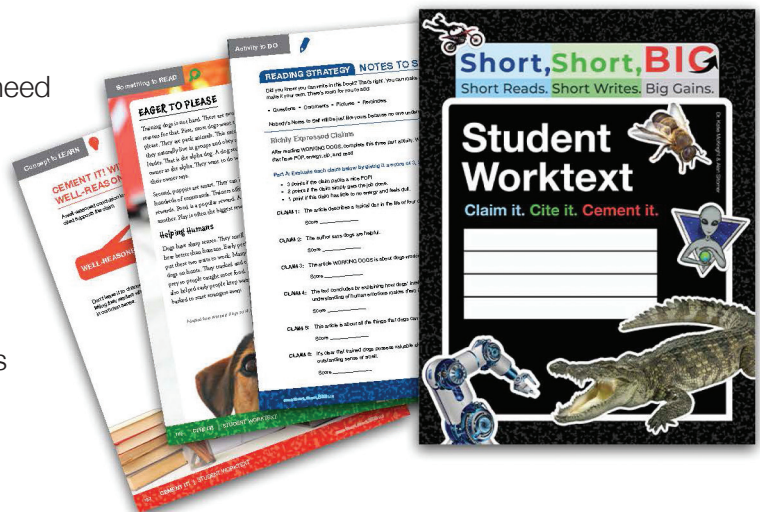

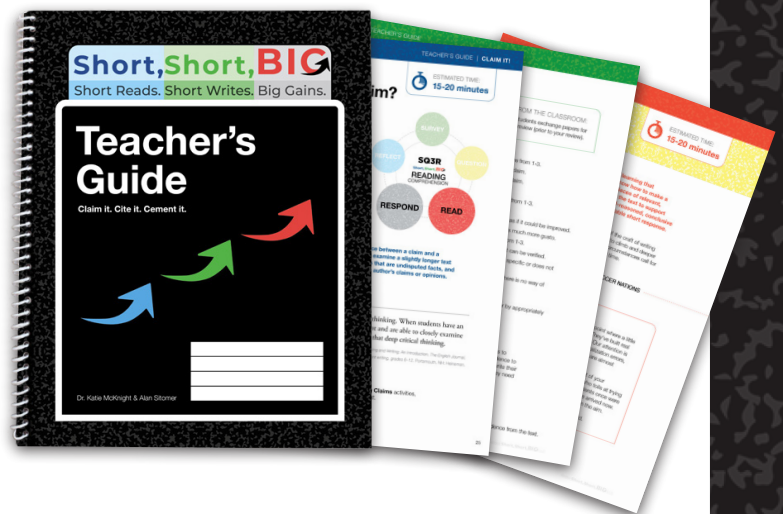

- Engaging, high interest nonfiction content on current topics
- Lessons to address background knowledge and development of skills to fuel writing
- Scaffolded lessons and literacy development specifically designed to engage Secondary students

## Short Writes

- Engaging prompts that motivate and ignite student responses
- A scaffolded approach to writing instruction that is engaging and age appropriate for middle school students
- A toolbox of skills-based lessons to differentiate based on individual student need

## BIG Gains!

- Pre- and post-assessment including rubrics for formative assessment
- State standards based lessons
- Scope and Sequence plus Pacing Guides for use in a variety of program settings
- Research-based pedagogy
- An evidence-based writing program
